ABOUT BLANCA ROSA GUTIÉRREZ

I am an architect and interior designer with over two decades of experience, leading my own studio in Madrid, recognized for its innovative approach and excellence in every project. Throughout my career, my work has been honored with awards such as the FAD Awards and Construmat, and has been widely featured in prestigious national and international publications such as ELLE Decor, Design Magazine, Dezeen, Architectural Review, Interior Design Magazine, Mais Arquitectura, Ecologik, and Nuevo Estilo, among others.

My design philosophy is based on interpreting the unique essence of each space, identifying its specific needs, and translating them into creative solutions that combine materials, precise proportions, and emotions. Each project reflects the client's identity, developed with an unwavering commitment to excellence, professional rigor, and my passion for design.

In a classic neighborhood of Madrid, a modern residence has been transformed into a vibrant space filled with light and color. Covering 240 square meters, this house, built in 1965, was acquired by a family seeking a contemporary design that reflects their personality and lifestyle. The result is a home where color, shapes, and materials interact to create a fresh, welcoming, and unique environment.

位於西班牙的馬德里市中心，一場關於色彩、材質與設計的激烈火花正悄然萌發——「Casa de Colores」是間打破常規的現代住宅，它不僅是一個居所，因其各種超乎傳統的設計思維與材質應用，你更可以將其視作一場大膽的創新空間實驗。「讓我的家充滿活力、光線與色彩吧！」Casa de Colores 的屋主，只以如此簡單俐落且唯一的要求，向西班牙著名設計師 Blanca Rosa Gutiérrez 發出委託，為了實現這項願景，她與設計團隊毅然決然地，將整個房子完全拆解並重建，僅保留原有的壁爐。憑此一點，便可感受到 Blanca Rosa Gutiérrez 在藝術創作上是何等執著並抱有熱忱。

粉韻與亮黃、桔橙與靛藍……深諳色彩心理學的 Blanca Rosa Gutiérrez 構思著色彩會如何在空間中拉鋸，讓顏色們恰到好處地，表現各自鮮明個性的同時，兼顧起平衡場域重量的角色。她希望這個空間沒有過度張揚的裝飾，而是純粹透過色彩、軟裝與幾何形態來展開對話，如此才能打造出真正充滿個性與層次靈魂的生活場域。

破格蛻變 端景孕育文學美意

公寓的設計思路圍繞著「遊戲」這一主軸概念，屋主希望一家人能在此共享空間、交流情感，因此設計團隊選擇了 MOSO® 的竹地板，讓深淺有致的自然紋理，為這場色彩盛宴率先鋪敘一致情緒，猶如油畫的打底畫布，乘載了家的表情個性。

客廳是家人賓客齊聚互動的主舞台，其中舞台中央最吸引目光的是一座量身訂製的書牆，書牆不僅收納了屋主珍藏的書籍，每本書的書脊緊密排列在淨白的書櫃上，每一本都參與了這場色彩講堂，猶如舞台上的群演，在視覺上共同繪製出一幅生動的端景，

將屋主對文學的熱愛展露無遺。這面書牆由書架與滑門組成，採用了義大利品牌 Cassina 的 Infinito 書架，以及葡萄牙陶瓷品牌 New Terracota 的手工烤漆滑軌門，表面的幾何紋理增添了一抹藝術氣息，輕滑便可隱藏與展現書籍、影音設備，兼顧了實用與美學機能。除了已然蔚為壯觀的書牆外，客廳的軟裝也別具個性——義大利品牌 B&B Italia 的沙發、荷蘭設計家 Gerrit Thomas Rietved 的扶手椅（1935 年）與日裔美籍藝術家野口勇設計之咖啡桌（1944 年），經典設計間的大膽撞色，相互呼應交織出趣味盎然的視覺對話。

俐落顯靜謐 幾何群色中淺嗜優雅

延續了公領域視覺語言，俐落線條結合溫潤木質，兩大基調交互調和出了餐廳的寧靜與優雅，餐桌上方佐以西班牙品牌 Vibia 用點線構成的 Match 吊燈點綴，簡單且純粹，自光線交錯線條時，亦能看見藏於其中的現代美。

整個用餐過程中都能感受到濃烈的幾何氣息，義大利品牌 Ágape Casa 的 Incas 餐桌，搭配了日本設計師深澤直人精製的 Hiroshima 扶手餐椅（2009 年），二者完美拼湊出溫暖質樸的木質美感。Incas 的陶瓷擺設乘載起餐桌景趣，與牆面懸掛之古巴藝術家 Consuelo Castañeda 的畫作，則為餐廳區美感更添一抹風采。

- 04 木質、陶瓷與海意，共同為視覺鋪陳上一股異國島嶼的情調。

A RADICAL CHANGE IN LAYOUT

Before the renovation, the home had a compartmentalized and outdated structure: bedrooms and a study occupied the main windows, while the living room was in the center of the house, deprived of natural light. The new layout prioritizes open spaces and visual connections between common areas, making the most of the natural light from the large east-facing windows.

The project involved a complete interior demolition, preserving only the fireplace, which was redesigned as a focal point. This transformation enabled the creation of fluid, open spaces, where colors and textures take center stage.

A CONSTANT DIALOGUE OF COLOR AND FORM

Every corner of this home is designed to surprise. The guest bathroom stands out with its blue and yellow tones, while the teenage bathroom is a striking yellow microcement space that plays with lines and curves.

The master bedroom, in contrast, offers a serene atmosphere, combining wood, blue, and earthy tones in the dressing room and bathroom. The teenage bedroom is divided into two connected spaces, separated by a pink wardrobe with circular handles, balancing aesthetic appeal with functional needs.

A UNIQUE HOME THROUGH STYLE AND MATERIALS

Rather than adhering to a specific style, the design focuses on creating a joyful, colorful atmosphere where lines, curves, and textures engage in a constant dialogue.

Materials like microcement, industrial bamboo flooring, and geometric tiles add character and functionality. Elements such as the orange centerpiece in the living room and the floor-to-ceiling bookshelf celebrating the family's love for reading make each space a statement.

This home is more than just a place to live—it is a reflection of its owners' vibrant and modern spirit, turning every space into a unique experience. Here, color is not just decoration—it tells a story.

**THE KITCHEN:
A GEOMETRIC AND CHROMATIC PLAY**

The kitchen radiates personality, blending deep blue hues with geometric patterns that evoke the freshness of the Mediterranean. Designed to be both functional and visually striking, the kitchen has become a vibrant and creative gathering space within the home.

The blue cabinetry establishes a solid and modern presence, while Marazzi tiles, with their curved and diagonal lines, add dynamism and depth. This pattern, applied to both the bar area and the floor, creates a visual effect that defines the work area as if it were a decorative rug, highlighting it within the continuous bamboo flooring that extends throughout the home.

The contrast between geometric lines and the warmth of the wooden stools softens the design, creating a perfect balance between modernity and comfort. On the bar, decorative elements such as a transparent blue vase interact with the furniture, adding a touch of lightness to the ensemble.

感受湛藍海風 聽對角與曲線哼唱律動

公領域中心矗立著由橙色包覆的樑柱與暖氣管道，設計團隊自其中感受到恰如海濱夕陽的情調，在餐廚區採用了義大利品牌 Marazzi 帶有幾何線條的磁磚，陶瓷塗料錯綜的對角與曲線呼應著橙景，舞動翩翩，義大利阿瑪菲海岸的遼闊猶在眼前。廚房中島與地板皆採用了相同磁磚，塑造出連貫且一致場域表情，尤其巧妙地在中島處規劃一道懸浮的木質餐桌版，呼應起德國品牌 e15 的 ST10 Jean Roble 吧檯椅之色調，塑造出兼具趣意與儀式感，使餐飲體驗更顯靈動輕盈。

繽紛奇想為伴 躍然沉靜

行過夕陽，全室唯一留存的壁爐就靜置在私領域前，設計師特意保留並以全新框架圍塑起來，透過沉穩且富歲月風華的磚面襯托爐中火光，使嶄新的視覺語言重新賦予其生命——連結起客廳的橙藍調性，述說著家的溫暖與理性共鳴。

- 06 沉穩斑駁的磚面，透過歲月氛圍為室內創造截然不同的層次表現。
- 07 公領域中心以橙色包覆的樑柱與暖氣管道，與餐廚區的湛藍相映成趣，傳遞海濱夕陽的風貌。
- 08 對角與曲線，在蔚藍磁磚中搖曳著異國海岸的思緒，自視覺激起靈動輕盈。

更為大膽的配色與經典設計組合，在臥房空間中交織碰撞，義大利知名設計師兄弟 **Gabrielle & Oscar Buratti** 設計的 *Alys* 天然皮革床（2013 年），搭配來自西班牙品牌 **Matarranz** 的亞麻寢具，以及 **BSB** 設計的動物紋理多彩地毯，創造出情緒豐沛的奇想境遇。與之相應，另一間臥房圍繞著「少女房」的主旋律，以大面積的粉色系創造浪漫十足的粉韻歡愉，粉色收納櫃內嵌著雙層床舖，可視需求靈活收納應用，軟裝方面同樣延續著訂製概念，角落置放著義大利 **Cassina** 覆以 *Look 13L010* 白布料的 *Dudet* 椅，並和門口的丹麥品牌 **Gubi** *TS* 大理石綠置物台相搭配，在細膩的紋理中增添一絲高級感，共同構築出一個富有層次的夢幻空間。

- 09 大理石綠置物台以精緻印象，襯托起「少女房」的細膩柔情。
- 10 簡約俐落的木桌和前衛現代的 *Dudet* 椅，在樸實中共同交織出夢幻層次。
- 11 天然皮革與亞麻寢具兩種異材質，碰撞出想像力豐盈的奇想境地。
- 12 以紋理鮮明的木質為底，將海軍藍、國際克萊因藍的時尚表情暈染到其中，打造沐浴時的層次奢華。

在洗去每日疲憊的衛浴空間中，設計團隊在第一間採用了黃色微水泥塗層，搭配手工陶瓷洗手台，營造出活力感十足的空間。特意採用圓弧形的鏡面，打破傳統直線視覺，使整體更具動態感。另一間浴室則將淋浴與浴缸融為一體，表現覆以沙色違水泥，搭配比利時 **Baobab** 的香氛蠟燭，藉著燭光點起暖意，創造靜謐放鬆氛圍。其中最吸睛的莫過於——採用了深邃海軍藍與國際克萊因藍的淋浴門框、洗手台櫃體，兩種藍色時尚與紋理鮮明的木質相互交織，勾勒出奢華且富層次感的視覺體驗。

THE ENTRANCE TO THE MASTER BEDROOM: A PORTAL TO SERENITY

The entrance to the master bedroom is conceived as a passage that combines elegance and personality. Framed by intense, warm pink paneling, this space welcomes and envelops those who pass through, preparing them for the tranquility that awaits inside.

The door, fully integrated into the paneling, is nearly invisible, creating a seamless visual effect. This design allows color and lines to take center stage, without interruptions or distractions. When opened, the door reveals a transition into a softer, more serene environment, where wood accents and plush textiles contrast with the intensity of the pink.

Adjacent to the entrance, carefully selected elements, such as a green marble console with a black metal frame, add a touch of sophistication. Books and an amber glass vase reinforce the concept of a space designed for calm and reflection.

This design does not merely mark the threshold between public and private spaces—it turns it into an aesthetic experience, where color, materials, and details work together to create an atmosphere of relaxation and disconnection.

THE MASTER BATHROOM: A SPACE OF SERENITY AND REFINED DESIGN

The master bathroom is designed as a sanctuary of tranquility, where materials, colors, and textures harmonize to create a sophisticated and functional environment. Dominated by deep blue tones and warm wood accents, this space stands out for its clean and contemporary design.

The custom-designed sink, made of intense blue microcement, is a central feature that blends form and functionality. Its suspended structure, with a vertical-grain wood base, adds visual lightness and a touch of natural warmth, which contrasts beautifully with the bold blue. Above the sink, a large mirror spanning the entire width of the wall enhances luminosity and spaciousness, while blue glass vases reinforce the color palette, introducing a subtle decorative touch.

The shower and toilet area is separated by blue lacquered metal enclosures with transparent glass, maintaining visual fluidity throughout the space. These sleek, contemporary partitions add an industrial sophistication that complements the overall bathroom design. Natural light filtering through the glass panels highlights the smooth texture of the microcement walls and ceilings, creating a warm and inviting ambiance.

The master bathroom perfectly embodies the home's design philosophy: a balance between functionality and aesthetics, where every detail is thoughtfully curated to offer both comfort and beauty.
